

# Reality Check Policing Program

The Reality Check Policing Program works with Law Enforcement to help our youth become the best they can be. Our proven ‘**Reality Check Program**’ demonstrates the likely consequences of a person’s choices.

Partnering with Law Enforcement to help break down the *“Us Against Them”* mentality some communities have with law enforcement is one of our main goals. [Click Here](#) to see how.

## Why it works:

1. Helping a parent’s son or daughter is the single best thing a police agency can do to change the negative perception a person might have of the police.
2. After watching the Reality Check video the viewer might “get it” and change.
3. The police agency and officers feel good about giving out a free \$35 video.
4. Giving out the Reality Check Video Card increases officer morale.
5. Positive media exposure and community support with a custom video message from the Sheriff or Chief, customized video cards and webpage.
6. Giving HOPE changes the way people feel about you.

## The Reality Check Program consists of four parts

1. Larry Lawton’s prior life
2. What prison is really like – not what you see on TV
3. What you will lose – freedom, family, etc...
4. Avoiding and Dissolving Bad Associations.

This Program is not your typical “*don’t do what I did*” Program. Although the “*don’t do what I did*” approach is incorporated in the curriculum, the basis of the program is the structure of the four parts, and how they are taught. The four parts were carefully designed to open the mind in a positive way and then teach a person how to change and make better choices.

The Reality Check Program has proven results. An independent quantitative analysis showed 90% of the participants didn’t return to jail, 70% had better attitudes, 43% had better school grades and 31% had better school attendance. The Reality Check Program is a **pro-active** tool for **ALL** teens and young adults regardless of age, (11 and up) race, gender, socioeconomic background or whether the person has been in trouble with the law or not.

Larry Lawton developed the nationally recognized Reality Check Program; a court approved program. Larry is an Author, Speaker, TV Personality and Teen/Young Adult Expert. Larry speaks with thousands of young people yearly.

Larry is the first ex-con in the United States to be sworn in as an **honorary police officer** and the first ex-con recognized on the **floor of the United States Congress** for his work with helping young people and police agencies.

## How it works:

**The Reality Check Video Card** – A 67-minute video to help teens and adults make better choices, (A \$35 value for as low as \$5 for your agency) is a great tool for any police agency to foster positive community relations.

**Click Picture to hear Chief Adderley** Larry Lawton, Reality Check founder stated, *“The goodwill generated by using the Reality Check video card is priceless”*.

When a police agency buys bulk RC video cards, (\$5) they get their logo printed on the card saying whatever they want, a personalized video message from the Sheriff or Chief, and a website page. All very powerful tools to show the community you care.

A small investment by a police agency will return an untold amount of positive community relations.

To learn how the Reality Check Video Card can work for your police agency
